

TRÒ CHƠI

(MAZE 2)

Mô tả trò chơi

Maze2 là một dạng trò chơi tìm đường trong mê cung, mục tiêu là đếm xem số lượng phần thưởng tối đa mà con vật có thể thu được khi di chuyển tự do trong mê cung (được phép quay lại đường đã đi qua).

Ở ví dụ trên con cáo có thể ăn được tối đa 13 chùm nho.

Ý nghĩa trò chơi:

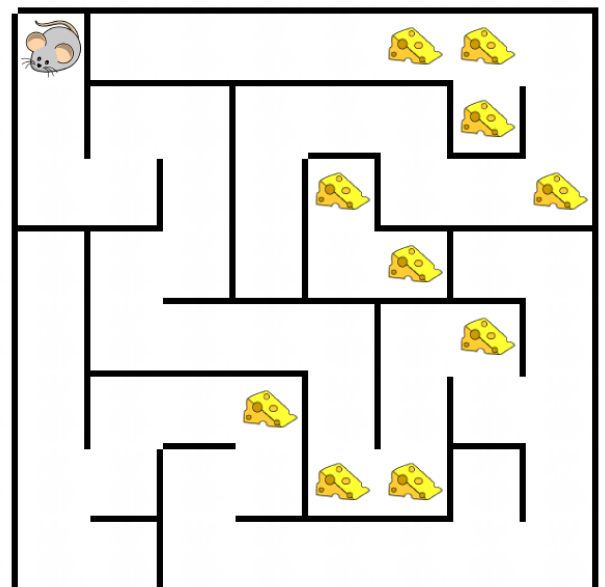

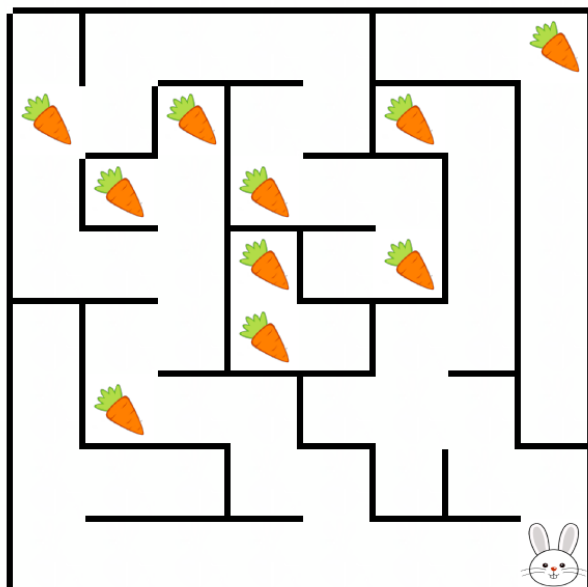

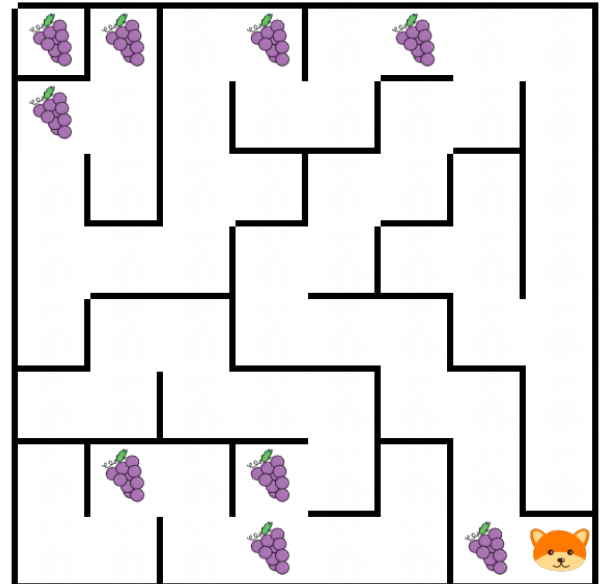

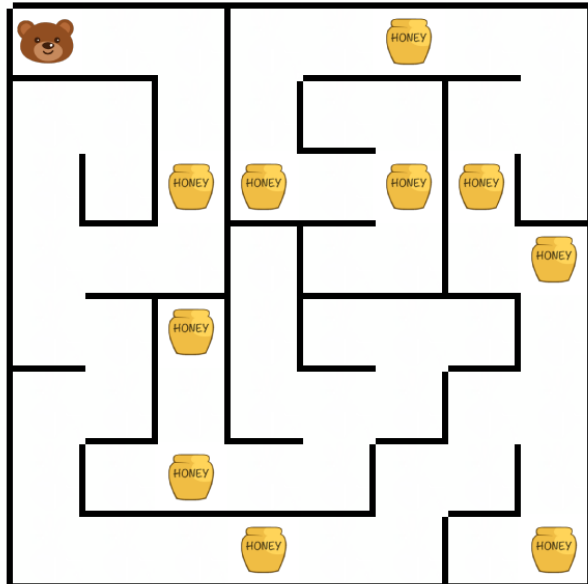

- Nâng cao khả năng tập trung qua việc quan sát và phân tích, thử nghiệm các hướng đi khác nhau
- Giúp tư duy của trẻ sâu hơn và khoa học hơn.
- Rèn cách giải quyết vấn đề khoa học, cẩn thận và biết tự kiểm tra “double-check”. Một cách tốt để chơi đó là quan sát mô phỏng quá trình đi và đánh dấu tất cả các phần thưởng có thể lấy được sau đó tiến hành đếm số lượng một cách khoa học theo nguyên tắc đếm từ trên xuống dưới, từ trái qua phải (hoặc từ trái qua phải, từ trên xuống dưới). Đếm lại lần nữa rồi ghi kết quả.
- Phụ huynh dễ dàng nắm bắt được năng lực và sự tiến bộ của trẻ (Đây là trò chơi có mục tiêu rõ ràng, duy nhất 1 đáp án đúng cùng với độ khó xác định nên rất dễ định

lượng. Số lượng bài tập đủ lớn để giúp trẻ luyện tập từng bước một, chắc chắn và nhuần nhuyễn).

- Trò chơi kết hợp hiệu quả với chương trình dạy trẻ về quản trị tài chính thông qua cơ chế khen thưởng.
